Tank Walls

by Taylex

Taylex Industries delivers a new level of style and modern design with the release of their range of TANK WALLS.

The GARDEN TANK WALLS are the leaders in the range combining a Retaining Wall, Rainwater Tank and Garden Bed all in one.

The WATER FEATURE TANK WALLS range similarly combines a Retaining Wall, Rainwater Tank and a Water Feature, with endless options to customise them to suit your home or environment.

Conventional, unsightly Water Tanks can now be dramatically enhanced with the introduction of Taylex TANK WALLS.

Rainwater Tanks and Retaining Walls are now combined to deliver a truly stylish and modern addition to any home or environment.

RETAINING WALLS
